

## THE BREAST COURSE 2010

SUNDAY AM – 21 FEBRUARY 2010		
<i>Time</i>	<i>Presentation</i>	<i>Speaker</i>
<b>SESSION I – BREAST INTERVENTIONS (LIVE CASES)</b> Moderator: R. Kuske		
8:00 AM	Introduction to The Breast Course Interdisciplinary Breast Care Management	R. Kuske
8:15 AM	Case #1 – Imaging presentation	R. Wilson
8:20 AM	Fundamentals of breast biopsies – part I	N. Duchesne
8:30 AM	Case #1 – Ultrasound-guided breast biopsy	N. Duchesne
8:50 AM	Case #2 – Presentation	R. Kuske
8:55 AM	Case #2 – Ultrasound-guided breast biopsy	N. Duchesne
9:15 AM	Fundamentals of breast biopsies – part II	R. Wilson
9:45 AM	Refreshments	
10:15 AM	Case #3 / 4 - Imaging presentation	R. Wilson
10:20 AM	Case #3 - Ultrasound-guided breast biopsy	N. Duchesne
10:50 AM	Case #4 – Ultrasound-guided breast biopsy	N. Duchesne
10:55 AM	Case #5 – Imaging presentation	R. Wilson
11:00 AM	Fundamentals of breast biopsies – part III	N. Duchesne
11:10 AM	Case #5 – MRI-guided breast biopsy	N. Duchesne
11:45 AM	Panel discussion	R. Kuske
12:00 PM	Lunch period	

SUNDAY PM – 21 FEBRUARY 2010		
<i>Time</i>	<i>Presentation</i>	<i>Speaker</i>
<b>SESSION II – PRACTICUM</b>		
1:00 PM	Practicum guidelines – R. Wilson	
1:30 PM	Group A: Image-guided procedures: stereo-, U/S-, and MRI-guided biopsies; balloon and interstitial brachytherapy	Groups B, C, D: Expert-reviewed case studies w/ electronic voting: pathology; mammography; ultrasound
	MRI workshop: principles, CAD, cases	
<b>3:30 PM Refreshments</b>		
<b>SESSION III – SCREENING, ASSESSING AND MANAGING HIGH RISK PATIENTS</b> Moderator: D. Armstrong		
4:00 AM	Increased risk: who, how to assess and management options?	D. Armstrong
4:30 AM	The role of imaging	C. Kuhl
5:00 AM	Chemoprevention	D. Armstrong
5:30 PM	Faculty's Cases	Panel
<b>6:00 PM Debate: At high risk, or not? - Pro/Con: D. Armstrong/M. Lagios</b>		

MONDAY – 22 FEBRUARY 2010		
<i>Time</i>	<i>Presentation</i>	<i>Speaker</i>
<b>EARLY MORNING SESSION</b>		
7:00 AM	Optimize your screening program	N. Wadden
7:50AM	Refreshments	
<b>SESSION IV – BENIGN, BORDERLINE AND HIGH RISK PATHOLOGY</b> Moderator: N. Wadden		
8:00 AM	Benign breast problems (microcalcifications, nipple discharge, cysts, FA)	N. Wadden
8:30 AM	Mammographic presentation of high-risk lesions	N. Wadden
9:00 AM	Sonographic presentation of high-risk lesions	T. Stavros
9:30 AM	MRI presentation of high-risk lesions	C. Kuhl
10:00 AM	Refreshments	
10:30 AM	Rad/path management of high-risk lesions	N. Duchesne/M. Lagios
11:00 AM	Faculty's cases	Panel
12:00 PM	Lunch period	

MONDAY PM – 22 FEBRUARY 2010		
<i>Time</i>	<i>Presentation</i>	<i>Speaker</i>
<b>SESSION V – PRACTICUM</b>		
1:00 PM	Group B: Image-guided procedures: stereo-, U/S-, and MRI-guided biopsies; balloon and interstitial brachytherapy  MRI workshop: principles, CAD, cases	Groups A, C, D: Expert-reviewed case studies w/ electronic voting: advanced pathology, high-risk and pre-operative MR, interdisciplinary tumor board
3:00 PM	Refreshments	
<b>SESSION VI – TECHNIQUE</b>		
Moderator: T. Stavros		
3:30 AM	Ultrasound technique	T. Stavros
4:00 AM		
4:30 PM	Participant's Cases	Panel
5:30 PM	Debate – Pre-operative MRI – Pro/Con: TBA	

TUESDAY AM – 23 FEBRUARY 2010		
Time	Presentation	Speaker
<b>EARLY MORNING SESSION</b>		
7:00 AM	Incredible oncoplastic surgical options for breast cancer	M. Silverstein
7:50AM	Refreshments	
<b>SESSION VII – DCIS</b> Moderator: C. Kuhl		
8:00 AM	DCIS on MRI	C. Kuhl
8:30 AM	DCIS on sonography	T. Stavros
9:00 AM	DCIS pathology	M. Lagios
9:30 AM	DCIS on mammography	N. Wadden
10:00 AM	Refreshments	
10:30 AM	Interdisciplinary approach to DCIS and small invasive breast cancer	N. Duchesne/M. Lagios M. Silverstein/R. Kuske/D. Armstrong
11:00 AM	Faculty's cases	Panel
12:00 PM	Lunch period	
Debate – Radiotherapy in DCIS – Part III – Pro: R. Kuske/Con: M. Lagios		

TUESDAY PM – 23 FEBRUARY 2010		
<i>Time</i>	<i>Presentation</i>	<i>Speaker</i>
<b>SESSION VIII – PRACTICUM</b>		
1:00 PM	Group C: Image-guided procedures: stereo-, U/S-, and MRI-guided biopsies; balloon and interstitial brachytherapy  MRI workshop: principles, CAD, cases	Groups A, B, D: Novel modalities: genetic screening (D. Armstrong); breast tomosynthesis (N. Waddden); elastography (T. Stavros)
3:00 PM	Refreshments	

WEDNESDAY – 24 FEBRUARY 2010		
<i>Time</i>	<i>Presentation</i>	<i>Speaker</i>
<b>EARLY MORNING SESSION</b>		
7:00 AM	Lymph node imaging and intervention	R. Wilson
7:30 AM	Lymph node pathological assessment	M. Lagios
7:50AM	Refreshments	
<b>SESSION IX – TREATMENT</b> Moderator: M. Silverstein		
8:00 AM	Surgical management of the axilla	M. Silverstein
8:30 AM	Pathological prognostic factors	M. Lagios
9:00 AM	Neoadjuvant therapy update	D. Armstrong
9:30 AM	Adjuvant therapy update	D. Armstrong
10:00 AM	Refreshments	
<b>SESSION X – LIVE CASE DISCUSSIONS</b> Moderator: N. Duchesne		
10:30 AM	Return to Live Cases	Panel
12:00 PM	Departure
